AND MINDEN RECORDER

Vol. 97 No. 35 Wednesday, April 18, 1979 "The voice of the Highlands" 58 pages 25 cents

Earthen dam bursts, flood waters smash house early Friday

No one was injured but a house was extensively damaged Friday morning when an earthen dam broke, sending thousands of gallons of water cascading over South Baptiste Lake Road near Highland Grove.

The house, owned by Eric Hart of Weston and located on part Lot 32, Concession 4, Herschel Township, was unoccupied when the dam broke at about 4 a.m.

The dam was on land leased by the Ministry of Natural Resources to Percy Lewis, Lot 16, Concession 32, Monmouth Township.

Police estimated that the water behind the dam was between 16 and 20 feet deep at the time of the break.

The water extensively damaged South Baptiste Lake road and undermined much of the foundation of the Hart house, causing it to partially collapse.

First on the scene was an officer from the Apsley OPP, who called in officers from the Bancroft detachment for traffic control on the washed out road. It remained closed as of Tuesday.

The dwelling was only partially insured, and flood damage was not covered.

Hart was in Florida at the time of the washout, but was on the scene Monday to survey the damage and remove the contents of the house.

A house on Baptiste Lake owned by Eric Hart of Weston was destroyed early Friday morning when an earthen dam gave way, sending thousands of gallons of water rushing toward the lake. No one was in the house at the time of the collapse, and no one was injured as a result of the break.

Bill would keep names of accused out of the news

A York Centre MPP thinks the names of people charged with criminal offences should be kept out of the news until the person pleads guilty or the trial has started.

And to back up his feelings, Alfred Stong has introduced a private members bill into the legislature that has already received first reading.

The bill, entitled, "An Act to protect the Reputation of Innocent Persons from Unfounded Publicity", would make it illegal for anyone to publish or broadcast any

report of an offence committed or alleged to have been committed that includes the name of the accused person, or information that is likely to disclose the identity of the person.

An individual who contravened the law would be fined up to \$2,000.

A corporation committing an offence under the proposed bill would be fined up to \$25,000.

The bill is expected to receive second reading and be debated in the legislature Thursday, April 19.

Log building guild, syrup evaporator plant among proposals to commission

A Haliburton based Guild of Log and Timber Joinery, a central maple syrup production facility, and a plant that would produce alcohol from wood products were among the suggestions for light industry put forward last Wednesday at a public meeting of the Haliburton County Economic Development Commission.

The meeting was the first in a series of three public forums called to give county residents an opportunity in the direction the Commission will take in efforts to improve the area economy.

While several of the eight non-committee members who presented ideas at the meeting dealt with general problems, at least three proposals envisioned small scale light industries.

Most detailed proposal of the evening came from Gary Kenney, a log builder and operator of the Blairhampton Alternative, a mail order log

building tool supply business.

Kenney envisioned the formation of a Haliburton Guild of Log and Timber Joinery which would use local timber to prefabricate log homes and recreational buildings. Noting that there are at least a dozen qualified log builders presently living in the county, Kenney told

the commission that a guild would both meet the needs of those builders and benefit the county in a number of ways.

A guild would complement the School of Fine Arts by offering courses in log building, and would be able to supply homes and cottages as the number of cottagers and temporary residents in the county increases, according

to Kenney. It would also be a tourist attraction, he said.

Kenney estimated that a guild would need between 15 and 20 full-time builders and six to ten part-time helpers, and noted that it would offer area residents a chance to share in the profits of a company they would both work for and help to manage.

A guild would also be able to approach the Ministry of Natural Resources with a view of planning county resources for log and timber construction, Kenney said.

At present, Kenney noted local builders have to rely on logs from other areas of the province because there is little local interest on the part of logging contractors to supply log builders' needs, and because of what he termed "a lack of co-ordination with MNR capabilities to manage county forests".

Kenney estimated that \$75,000 would be needed to organize a construction site and get an advertising campaign underway, and he suggested that government funding might be found to get the project off the ground.

The \$75,000 figure would not include acquisition of the two to three acre site the guild would need to set up its operation.

Kenney told the Commission that co-operation from all three levels of government would be needed to make the guild a reality.

Second submission of the evening came from Stuart Brandon of Minden, who said the Commission should study the possibility of setting up a plant to distill alcohol from wood products. The alcohol could then be combined with gasoline to produce "gasohol", a substance that is presently being marketed in selected areas of the United States.

Brandon said the plant could be a government run facility if private funding could not be found.

Charles Tyler, speaking for a number of maple syrup producers in the area, suggested that a central evaporator plant for the production of maple syrup could provide a boost to the economy.

"Central evaporator plants

are very successful in the United States," Tyler said, noting that there is only one such facility in Ontario.

The plant would use sap gathered in area woodlots, and those who brought sap to the facility would be paid by the litre according to the saps "brix" or sugar content.

Spinoff benefits of a plant would be employment for local people in maintaining sugar bushes, as well as increase in available firewood.

Tyler said the idea surfaced ten years ago in this area, but that money could not be found to get the project off the ground at that time.

In closing, Tyler noted that there is a huge market both nationally and internationally for maple syrup, and that supply falls far short of demand.

Fourth submission came from Clarence McInerney of Minden, who told the commission he was speaking on behalf of a number of area residents.

McInerney said that over 30,000 acres of Crown land in Anson Township is presently inaccessible to the general public because a road into the

Stanhope council names members to committee

Stanhope Township council appointed nine members to a board of management for the Stanhope Firefighters Hall last Wednesday.

The board, which will take over the running of the hall from Stanhope firemen, will consist of recreation committee members Dave McKinley and Ray Woodward, fire department members Ken Elgar and Bob Howe, council members Jim Harrison and Roger Woods, along with interested citizens Eleanor Patten, Mildred Archer and Al Barnes.

The appointments, effective April 11, expire December 31.

A constitution for the newly elected body is expected to be presented to council in June.

Stanhope council balks on decision about future of clerk and fire chief

Close to 50 vocal, often angry Stanhope Township ratepayers tried unsuccessfully last Wednesday to pressure Stanhope council into making a decision that could effect the future of two township officials.

The push from ratepayers came in the form of a petition that had been circulated among the township's permanent residents. Bearing the signatures of 408 people (more than half the number of Stanhope ratepayers who voted in the November municipal election) the petition called on council to keep clerk Gerald Bain "at any cost".

Implied in the "at any cost" statement, but not spelled out in the petition, was the dismissal of fire chief Richard Kinsman.

Kinsman is presently serving a six month probationary reappointment as chief of the Township's volunteer fire department, a position from which he was removed last year following the dismissal and subsequent resignation of four firemen.

Gerald Bain has gone on record as saying that he will resign if council votes to reappoint Kinsman permanently to the position in June, when the probationary period expires.

The presence of the delegation last Wednesday was an attempt by ratepayers to force a council decision on a matter that has split the township, and that has seen 11 firemen leave the department.

Speaking to a meeting that had to be moved to the Firefighters Hall to accommodate the turnout, Louise Watson said she represented a number of people who were "very disturbed about recent events". In particular, Watson said, ratepayers were concerned over a letter sent to reeve James Harrison on Boskung Lake Cottagers Association letterhead that called for the dismissal of Gerald Bain.

Watson said ratepayers wanted to hear the contents of the letter.

"You have a duty to the electorate," she said, "and part of that duty is to keep us informed."

Watson said those present, and those who had signed the petition felt the clerk should be supported.

"We want Gerald Bain retained in office, and we want a resolution passed today to that effect."

Reeve James Harrison was reluctant to reveal the contents of the letter however, despite the emotion charged atmosphere and the barely concealed anger of many of the ratepayers.

"The letter you are referring to was sent to council to be dealt with at a council meeting, and was not to be made public," Harrison said. "I hate to think that when it was discussed at a closed meeting, information leaked out to the public."

"How many people were aware when they signed the petition that keeping Gerald Bain meant the dismissal of Mr. Kinsman?" Harrison asked.

"None of us specified that we wished Mr. Bain to remain at the cost of Mr. Kinsman," Watson said, and she again called on Harrison to read the letter, claiming that since it was sent to him as reeve of the township, it was public business.

Roger Wood, council's representative for the fire department, questioned the actions of the delegation.

"What was the thinking of people who overheard that a letter had been received and went and got up a petition without asking what council intended to do?"

Watson said people didn't always have time to come into the municipal office to find out what council had done or

was about to do.

"A petition is the voice of the people," she said, again calling for a decision about the clerk.

"I need Gerald this year and I'll need him next year," Harrison countered, "and I feel the township needs him as well, but bear in mind that

no man is irreplaceable, including the clerk."

Harrison said Bain had been given "a stiff reprimand" for his public statement with respect to Kinsman, and that a week later, a letter appeared in local newspapers signed by members of the fire department and a

councillor, supporting the chief.

"The ratepayers owe both council and Mr. Kinsman a chance to make a decision at the end of the probationary period," Harrison said.

But the ratepayers were adamant. "We want a

Cont'd, page 2

Stanhope fire department a 'divisive force' - ratepayer

The Stanhope fire department has become a "divisive force" some township ratepayers believe. And the only solution in sight, as far as those ratepayers are concerned, is for council to disband the department and begin it again.

Kenneth Hone, a 32 year resident of Stanhope, told council at a meeting last Wednesday that "things are not well within the township", and that steps should be taken to "heal" it.

"What started out being a blessing to us all is something less than that now," Hone said, referring to the Stanhope volunteer fire department.

When the department was formed, Hone said, people "were proud of it". It was made up of good men, he said, adding that "sometimes all good men don't agree".

"But then something happened within the department. I don't know what it is, but I do know the effect it's having."

"Once you can't pull together it's time to stop, reassess, to get things going again."

"It may well be that we have to go right down to the basics, start from square one," Hone said.

He said he felt that "wouldn't be a bad thing" because there are enough people with the interest, knowledge and expertise to form the department again.

"With goodwill on the part of everyone, it can be done," Hone said.

Reeve James Harrison didn't discount the possibility

that council would scrap the department. But he side-stepped Hone's suggestion that a decision be made at the

Louise Watson headed a delegation to Stanhope council last Wednesday that presented council with a petition bearing 408 signatures.

Brakes fail, pickup collides with another on Highway 35

One pickup truck was destroyed and a second was heavily damaged Thursday when they collided at the junction of highways 121 and 35 near Minden.

Minden OPP say Gordon Bailey, 26 of Cobocook was westbound on Highway 121 at about 5:10 p.m. when the mishap occurred. Unable to stop at the junction with

Highway 35, Bailey turned northbound on 35 and struck a southbound pickup driven by John E. Martin, 48, of Minden.

The truck Bailey was driving then rolled over on the west ditch.

Damage to the pickup Bailey was driving was estimated at \$4,000. Martin's vehicle suffered damage es-

timated at \$2,000.

Bailey was charged with failing to wear a seatbelt assembly. Carl Baldwin, owner of the vehicle, was charged with permitting the operation of an unsafe vehicle.

A 31-year-old Toronto man suffered minor injuries last Wednesday when the car he

Cont'd, page 2

Thursday at Victoria Street School was an Easter activity day which saw the students making cup cake Easter baskets, painting eggs and studying rabbits. Cathy Boake's grade 1 class made Easter bonnets and when finished Bradley Barry adjusted Kendra Sisson's bonnet to a perfect fit.

Rain kept outdoor activities to a minimum last Saturday at the annual Wilberforce Maple Syrup Festival. But a good crowd was on hand to enjoy a breakfast or lunch of pancakes, sausages and of course, fresh Maple Syrup.

A huge gap was carved in the centre of an earthen dam near Highland Grove last Friday morning when it collapsed, sending tons of water across a road and into Baptiste Lake and damaging a permanent home.

Driver loses control, car strikes tree

from page 1
was driving went out of control and struck a tree.

David R. Wood was southbound on North Kashagawigamog Road at about 1 a.m. when he drove onto the east shoulder and struck a tree.

He was treated at Haliburton hospital for minor injuries.

Damage to his car was estimated at \$3,000. Wood

was charged with careless driving and with failing to report a collision forthwith.

Wood was also charged with failing to report damage to highway property in connection with a mishap a half hour before.

Police say he was westbound on Highway 121 east of Minden when he struck some guideposts on the north shoulder of the road.

Damage to the posts was

estimated at \$30, while damage to the car was estimated at \$500.

OPP report

The Minden detachment of the Ontario Provincial Police report the following activity for the week of April 19 through April 15.

During the period there were seven reportable and

Cont'd. page 3

'This community is being split right down the middle', ratepayer tells Stanhope council

from page 1
decision on Gerald Bain today," Watson said, drawing loud applause.

Delegation member Bill Lindsay then told council that the "at any cost" phrase in the petition needed clarification. He said it was not a reference to money, but rather to the emotional and psychological cost the decision might require. He said he felt it could be deleted from the petition, so long as council understood the meaning.

Lindsay also said the petition would have had even more names but that many

people who wanted to sign it did not because they did business with the township, and feared the consequences of signing.

Deputy reeve Elgin Stouffer was the only councillor to take an open stand on the matter. He said Bain's position in the township was similar to that of a chief executive officer in business, and "we owe our support to the chief executive officer."

"In the past, Gerald's work has been beyond reproach," Stouffer said. "If he can't get along with one person (Rich-

ard Kinsman) there must be a reason for it."

Stouffer also said council would have difficulty finding another clerk if Bain left "under these circumstances."

Harrison said the problem council faced "is a conflict between two people, and I don't know what the resolution will be."

Later in the daylong meeting, during a discussion of the fire department, Bain said he looked on his situation using the analogy of the party system.

When an elected representative steps outside the door of a party caucus meeting, he must support party policy, Bain said. If he cannot, and feels he must speak out, a provincial or federal representative has the option of crossing the floor of the house to join another party, or of sitting as an independent.

When a clerk disagrees with a council on an issue, however, Bain said, the clerk has no option but to resign.

Bill Barber, a Stanhope ratepayer and unsuccessful candidate for reeve in the November election drew applause when he said he wanted to see a decision "now, with a show of hands" as to who on council supported Gerald Bain.

Visibly angry, Harrison asked the meeting if he had to "draw a picture", and emphasized that he was sup-

porting Bain. "Stand up and be counted then," Barber shouted.

Finally bowing to pressure from the delegation, Harrison agreed to read the letter which had called for the clerk's dismissal.

Signed by Bev Robinson, treasurer of the Boshkung Lake Cottagers Association, and written on association letterhead, the letter said Bain should be fired because "he is the real instigator in the problems of the fire department."

"If council was going to act on the letter, and did not support Gerald Bain, he would not be here today," councillor Roger Wood said.

Angered at the delegation's continued call for support of the clerk, Harrison asked councillors who supported Bain to stand up. No one remained seated.

At least one ratepayer was concerned that council had

bowed to pressure to read the letter. She said it was sent to a member of council, and should not have been made public.

"Are we to believe that any letter we send to council is to become public knowledge?" she asked.

"This community is being split right down the middle. It's going to have to be solved very shortly or I think you're going to find your township split into a thousand pieces."

Council, however, took no action on the petition, other than to pass a motion acknowledging that it had been received.

Later, at the afternoon session of council, deputy reeve Elgin Stouffer tried to introduce a motion to keep Gerald Bain in office "at any cost", as the petition had urged. The motion was not discussed however, because Stouffer was unable to find a second-er.

'Forgiving and forgetting' seen as solution to Stanhope troubles

from page 1
meeting.

"Maybe it can be reorganized," Harrison said. "I'll leave that up to Roger Wood (council's representative to the department)."

Harrison then read a letter from Sergeant Arnold Besteman of the Minden OPP which praised the department for its work at the triple fatality accident in Carnarvon March 17.

"How do you answer that?" Harrison asked. Hone replied that he was

not suggesting the department wasn't doing a good job.

"But the fact is, too, that we all know that a big part of the township's troubles started there. There is dissension there."

Harrison said the dissension was not so much with those within the department, but with those outside it.

A total of 11 firemen have resigned in the past year over disputes relating to chief Richard Kinsmen and money spent on equipment for the firefighters hall.

Councillor Roger Wood said council was "in the process of reassessing the department. At this time it seems to be running very smoothly," Wood said.

"I agree that we must compromise. And I think there's got to be a hell of a lot of forgiving and forgetting in this township or it's never going to get back together."

Wood said he hoped a final decision could be made in a month, "after we have gathered all the facts."

Light industry seen as priority for county

from page 1
area ends on private property.

The local Ministry of Natural Resources has asked for funds from the province to construct three miles of road around Beer Lake that would open up the area for recreational use, McInerney said, but has continually been turned down.

McInerney asked the Commission if it would put pressure on the government to make funding available to build the road.

Next to speak was Lutterworth Reeve Ron Gambell

who said townships were not permitted at present to "pre-zone" land for industry along highways, and that Lutterworth had been unable to attract small industries as a result. He asked the Commission to exert pressure on Queens Park to change the policy.

The need for an airport close to an industrial site was the focus of a presentation made by Larry McKnight of RR 1, Haliburton.

McKnight said the two major municipalities (Dysart et al and Anson, Hindon and Minden) "have to join forces

and choose a suitable site that can accommodate light industry without harming cottagers."

He said an airport was also needed at the site to show industry "we are ready".

He also urged the Commission to work to save the CN subdivision between Lindsay and Haliburton for the benefit of future industrial growth.

Speaking on behalf of the Haliburton Highlands Guild of Fine Arts, Patti Smith of Haliburton said the county should be promoted as an arts and crafts centre of Ontario.

She urged the Commission to recognize arts and crafts as a serious industry in the area, and said individual municipalities could provide a building in each community where area artisans could display and sell their work.

Carol Finn, Guild president, suggested the Commission work to have Sir Sandford Fleming College expand its operations in this area.

"A school is an industry that employs an awful lot of people," she said. "There is a need for full-time classes in

Haliburton County."

Others who spoke briefly at the meeting were Dysart et al Reeve Murray Fearrey, and Anson, Hindon and Minden Reeve Sinc Nesbitt, both of

whom stressed the need for industries in the area that would make use of natural resources, especially forest resources.

Next meeting on the series

is scheduled for Wednesday evening at the Leslie Frost Natural Resources Centre near Dorset.

Final meeting in the series is April 27 in Wilberforce.

Council approves kayak base

Anson, Hindon and Minden council decided last Tuesday to support the Ontario Wild Water Affiliation in its bid to establish a permanent canoe and kayak training base on the Gull River.

The group hopes to acquire land along the river to build the base, and would use the river for training and for provincial, national and international competitions.

In approving the idea of a training site, council noted that it would be a tourist attraction for the area and that, coupled with the group's intention to start a canoe club in Minden, would be of benefit to the community.

In other business at the meeting last week, council considered a request from Tom Southern to establish a "mobile food premise" on his property Lot 4, Concession A, Minden Township.

Since such a unit is presently in operation in Lindsay, council decided to ask the Haliburton Kawartha Pine Ridge District Health Unit to inspect the Lindsay unit prior to such a unit setting up in Minden. As well, council asked that the local health inspector examine the unit in Minden before it will be allowed to open for business.

Jim Burton of the Minden Red Cross Society attended council and reported on the formation of a plan in the event of a disaster. A chart was left for council's perusal and consideration in due course.

A letter was received from the Ministry of Revenue confirming that a study would be undertaken pursuant to Sec. 86 of the Assessment Act.

Eleanor Hall approached council requesting financial assistance for the 1979 Red Cross Swimming Program.

The proprietor of the Rockcliffe Hotel advised council that he is applying to change his licence through the Liquor Licence Act from the Rockcliffe Hotel to Rockcliffe Tavern. Council confirmed that the rooms available for rent by the Rockcliffe Hotel are not essential for the use of the general travelling public and that such reclassification does not contravene restricted area by-law 14-67, as amended.

A letter was received from D. Waite advising of his plans to obtain a refill station for Superior Propane as well as to relocate the existing washrooms.

Don Blakey attended council relative to his proposal for the internal expansion of the Carnarvon Farmers Market.

Council supported the expansion to permit the sale of fresh meats. The facility will remain open on a year around basis.

E. Hodsoll attended council to further discuss the procedures relative to his draft plan of subdivision in Lot 6, Conc. 3 and Lots 6 and 7, Conc. 4, Minden Township.

Council reviewed the report submitted by the H.K.P.R. District Health Unit and R. C. Schell. It was agreed that those persons on holding tanks or whose present system is malfunctioning shall connect immediately to the sewer system. All others shall be required to connect according to By-law 77-54.

Council approved the replacement of a mobile home in Lot 6, Conc. A, Twp. of Anson and that a 14 foot

setback from the easterly side line and a five foot setback from the rear lot line be allowed, subject to the approval of the Committee of Adjustment.

It was resolved that the P.W.D. accounts for the month of March be approved for payment in the amount of \$24,587.50.

Several severance applications were reviewed. They were as follows:

Lot 15, Conc. 13, Minden Township - Carnarvon Gift Shop. Council directed the By-law Officer to advise the applicant that a cottage park lot must be five acres in size pursuant to Sec. 6.6 of By-law 14-67, as amended.

Lot 6 and 7, Conc. 3, Minden Township. The application was made to sever two lots with highway frontage. Council agreed that the old township road did not form part of this application.

Lot 18, Conc. 2, Minden Township. Council agreed that the property as it now appears could not be severed

and still comply with by-law 14-67.

Lot 7, Conc. 8, Minden Township. Certain conditions imposed on this property in 1974 prevent the property from any further operation of housekeeping cabins. Council agreed to consider rezoning the lakeshore section to residential for the purpose of permitting three residential lots; however the back property would remain zoned "RCA".

Council authorized the removal of an unsafe building situated on Lot 10, Conc. 5, Twp. of Minden.

The following accounts were approved for payment: General, \$150,244.71; Water, \$795.69; and Sewer, \$203.93.

Council decided to make application pursuant to the Parks Assistance Act relative to dredging, levelling, cultivating, seeding, labour costs and equipment rental for work at the Minden Kinsman Participark. Total cost of \$51,090 is to be apportioned

The day is fast approaching when the car that has been sitting on Head Lake for the past two months will plunge through the softening ice, and the person who has guessed the time it happens, will win a prize. It's all part of a fund-raising effort by the Guild of Fine Arts.

Asthma program planned

Does your child have asthma? If the answer is "yes", then Victoria-Haliburton Lung Association may be able to help. Beginning on Thursday May 3, the local Christmas Seal Lung Association will run a Family Asthma Program for children between the ages of 7 and 15, at the Lindsay Aquatorium, adjacent to the Lindsay Aquatorium, adjacent to the Frost Campus of Sir Sandford Fleming College Lindsay. The program, offered free of charge as a Christmas Seal service, will run for six consecutive Thursdays from 5 to 6 p.m., May 3 to June 7. Participating children will be taught breathing exercises and relaxation techniques which assist in the control of asthmatic attacks, the symptoms of which are often aggravated by fear as breathing becomes increasingly difficult. All procedures are under the direction of a licensed physiotherapist, and the program also includes a swim and aquatic exercise session.

Assistants will include registered nurses from the Kawartha, Pine Ridge District Health Unit and other qualified swimmers. Lectures on the physical, medical and psychological problems of asthmatic children will be given simultaneously by medical professionals to parents attending the program.

Interested parents should contact by mail: Victoria-Haliburton Lung Association, Box 54, Lindsay, Ont. K9V 4R8, or by phone: 324-6031 or 324-7922 after 5 p.m., or your family physician.

Indecision

Last Wednesday, close to 50 Stanhope Township ratepayers tried to force their council into making a decision about a matter that has split the township in two. On one side are supporters of clerk Gerald Bain, who wish him to remain on the job even if it means the dismissal of fire chief Richard Kinsman. On the other side are people who believe that problems within the fire department were caused not by the chief, but by firemen who have since resigned from the department. Supporters of the chief feel he should not be dismissed from the position, even at the price of Bain's resignation. And in the middle is a council that should be showing some leadership, but that so far has done little to resolve the township's problems.

The situation in Stanhope is a tangle of allegations and counter allegations, a swirl of emotions that may well be clouding reason. It would be a tough test of leadership for any municipal council, no matter how experienced. It is not, however, a situation that will go away if it is ignored. Stanhope cannot heal itself unless a decision is made about the future of the chief and the fire department as it presently exists. And so far, council has shown a maddening reluctance to make that decision.

Simply put, it is unfair for council to keep Gerald Bain and Richard Kinsman in suspense, perhaps even consternation, until it gets up the courage to make a decision. It is also unfair to the ratepayers, who have a right to expect careful but decisive decisions from the municipal politicians they elected.

The longer council continues its hapless and half-hearted attempts to appease obviously immovable sides, the longer the township suffers, and the deeper the chasm grows that is rending the community.

If council truly does not know in mid April, the decision it will make in June, when the six month probationary period of Richard Kinsman's reappointment as fire chief expires, then it is demonstrating a shocking inability to think ahead, an inability that does not bode well for council's handling of any of the decisions it must make in the course of managing the township.

A swift decision must be made before a process of rebuilding can begin in Stanhope. Council has both the means and the mandate to make that decision.

The ratepayers have demanded it and both Gerald Bain and Richard Kinsman deserve it.

The longer council waits, the longer it plays rhetorical and diplomatic games with concerned ratepayers, the deeper the rift in Stanhope becomes. And council is already perilously close to losing the support of citizens in the abyss of indecision that keeps the two sides apart.

A good start

If the turnout at a workshop last Wednesday night is any indication, the Haliburton County Economic Development Commission will have the support of county citizens in the steps it will take to improve the area's economy.

Armed with thought-out and largely realistic briefs, a number of area residents presented the commission with suggestions for small industries and other measures that could make the county's future a little brighter.

At the heart of several of the suggestions was the use of readily available resources to produce marketable products. It is in this direction that the Commission must move if it is to do its job well.

It is clear that most people know the tourist industry alone is not the base on which to build a year round economy. It is also clear, however, that the tourist industry must be of prime consideration in any efforts to diversify the county's economic base.

Industries must be small, quiet, unobtrusive and most importantly, non-polluting if they are to fit into the mosaic of the Highlands. That such industries exist, or can be started up, was clear last week from the briefs presented.

The challenge for the Economic Development Commission will be to chart a course by which those suggestions, in some form, can be realized.

There will be other suggestions in the next few weeks, and the lines of communication that the commission has opened will stay open once the series of workshops is completed.

Already, however, Haliburton County citizens have demonstrated a concern for the future that can only be viewed as heartening.

Reflections of an old logging dam in Oblong Lake

Letters to the Editor

To the Editor:

I would like to correct a statement made by Mr. Warburton regarding Haliburton refusing to release Juvenile age hockey players to play Juvenile hockey in Minden.

As Haliburton does not have a Juvenile team we have no control over any Juvenile age player wishing to go to Minden. It is actually the reverse situation - the O.H.A. requires any Juvenile age player living in Minden to have a signed release before playing Junior hockey in Haliburton.

Players from Haliburton such as Bill Musclow, Tim Bain, Rod Consack, Kirk and Dean Potter have all played Juvenile hockey in Minden. Potter and Consack were released from the Haliburton Huskies. The other Haliburton players have played in Minden without requiring a release.

As manager of the Haliburton Huskies Jr. "D" Hockey Club, I have never refused to release any hockey player who wished to play Juvenile hockey in Minden.

Don Lloyd,
Manager,
Haliburton Huskies

Every year, at about the time the last of the snow is disappearing from the woods and the ice on the lakes is turning darker by the day, it happens. At first, it can be ignored, but as the days of April grow fewer, tax time panic takes hold in earnest. For some, it means procrastination until the very last minute. For others, it means a look of resignation and pain in the pocketbook when the tax guide and careful calculations prove that somehow despite all those bites that have come out of your paycheque over the year you still owe the government \$402.15, or some such ridiculous figure.

Tax time panic has been known to put people's sense of humour in temporary limbo, but that doesn't mean there's no brighter side.

The following letter, which was reproduced in the Haliburton County Echo more than a score of years ago, captures a little of the resignation and humour that can help all of us survive tax time. It is purported to have been sent with an income tax cheque.

Dear Sirs:

I am sorry that 'the present condition of my bank account makes it impossible for me to send a larger cheque.

My shattered financial situation is due to the federal laws, provincial laws, municipal laws, corporation laws, liquor laws, sisters-in-law, brothers-in-law, mother-in-law and outlaws.

Through these laws I am compelled to pay business tax, education tax, amusement tax, head tax, and excise tax; even my brains are taxed.

I am requested to get a business licence, car licence, fishing licence and dog licence.

I am also expected to contribute to every society and organization which the genius of man is capable of bringing to life, to women's relief, the unemployment relief, the gold diggers relief, also to every hospital and charitable institution in the city, including the Red Cross, the Green Cross, the black cross and to top that off there is a tag day every other Saturday when I am forced to buy a tag and wear it so that I can safely walk along the street.

For safety I am required to carry life insurance, accident insurance, earthquake and tornado insurance, unemployment insurance, old-age insurance and fire insurance.

My life is so governed that it is difficult for me to fine out who owns it. I am expected, inspected, suspected, disrespected, rejected, dejected, examined, informed, required, summoned, fined, commanded and compelled until I provide an inexhaustible supply of money for every known need, desire or hope of the human race.

Simply because I refuse to donate something or other, I am boycotted, talked about, lied about, held up and held down, and robbed until I am almost ruined. I can tell you honestly that except for the miracle that happened I could not enclose this cheque. The wolf that comes to my door so often just had pups. I sold them and here is the money.

Yours very truly,
(Author unknown)

Feir Play

— by —
Creighton Feir

On a recent visit to Kinmount on business I thought I would take a little time to look over the village and see the many changes that have been made there in recent years. I drove over to the CNR station, stopped and got out of my car and took a look around. While looking things over, my thoughts turned back a few years when the hockey specials ran out of Haliburton and I can always remember when the train would stop at the Kinmount station, the Kinmount hockey team would get aboard followed by their large following of fans. The promoters who would be in charge of operating these special trains could always rest assured that when the train pulled into Kinmount a large number of paying customers would be waiting for the train to come in.

At times we have been critical of Ontario Hydro in the local area and when we have not been satisfied with certain things pertaining to Hydro we have spoken out. It's easy to criticize but when something good happens we also like to let you know about it. During one of the recent snowstorms that brought with it high winds we had a power failure in most parts of the county. I think it was about 3 a.m. on a Saturday morning when the power went off in the Village of Haliburton. I have a sump pump in the basement of my home and if the power is off for very long the sump pump ceases to operate and water starts to come in the basement. I got a little worried and phoned the hydro office in Minden to let them know that we had a power failure here. I was greeted on the other end of the phone by one of the Hydro employees and I am not sure whether it was Allan Rogers or Buzz Godwin that was on duty. We had a friendly conversation and I was told that driving conditions were very hazardous and that the Hydro trucks and their men were on their way to Haliburton. Apparently they had received several calls before mine. What seemed to astound me more than anything was the fact that it didn't take them long to locate the problem and get the power on once again. It's not an easy job when these men are faced with the task of having to work under these very tough conditions. I am not sure whether it was Allan or Buzz but I certainly appreciated the courtesy they had shown in calling back about 5 a.m. to see if the power had been restored. I was pleased to say that it was. Thanks fellows, you have restored our faith in human nature and in this case the slogan of "We Treat You Royally" isn't a promise, it's a fact.

It was Hugh Park who said that if you're going to climb, you've got to grab the branches, not the blossoms!

I was recently thrilled and excited to see Frank McIntyre present at a recent meeting of the Haliburton Rotary Club. Frank who has been a longtime member of the local Rotary Club has been ill for some time now and all the members welcomed him back to the meeting. It seemed like old times having Frank back.

It seems that we have a few business people in Haliburton County who are willing to sit back and live off the fruits and labour of those progressive business people who make a community go ahead and progress. Some business people we know take very little interest in what is going on in their community, they belong to nothing, are unwilling to go into any promotion for the betterment of business as a whole in the community and in other words are just willing to sit back and reap the harvest of those who are trying to do something.

It's that time of year once again and we are in the midst of the Stanley Cup Play-offs. For many of you who are Montreal Canadian fans you will be pulling for the Canadiens to repeat and win the Stanley Cup. I won't be one of them, I will be pulling for an upset and rooting for the New York Islanders who, in my opinion, have the best chance of knocking off the flying Frenchmen. Don't get me wrong, I am not against the French speaking people but I am always pulling for the underdog and most of us would like to see the champions knocked off. I usually cheer for the Chicago Black Hawks but one would have to be an optimist to think that they have any chance of winning the cup. We are looking forward to next year when possibly Bobby Hull who, in my opinion, is one of the best hockey players to ever tie up a pair of skates will rejoin the Chicago team. If he does play for the Hawks next year you can just imagine the standing ovation he will receive when he skates onto the ice surface of the Chicago Stadium for the opening game. The Stanley Cup playoffs this year could be interesting and don't be surprised if we see some upsets. Every hockey fan knows that the Montreal Canadiens are the team to beat and we all know that they are the best team in the National Hockey League but most of us are always looking and always hoping that some team will come along and knock them off. It doesn't happen too many times but it could happen this year. It just seems to be human nature that when you are on top, most of the people seem to want to knock you off your pins. On the other hand, it's great to be a winner and we should all strive to be winners whether it be in sports, politics, business or in our everyday lives. Who wants to be a loser? It's easy to be a winner, but it's very hard to be a loser. Think about it.

Gord Woolsey, chairman of the Rotary Club of Haliburton's Easter Seal Campaign, reports that the total now stands at \$1,300 which is well below what they had anticipated to be in at this time. Just a reminder if you haven't sent in your donation, please do so right away. Just put your contribution in the pink envelope you received in the mail and return it. It would really be appreciated.

John Eakins, M.P.P. (Victoria-Haliburton) said recently that this year he will again encourage young people in Victoria and Haliburton Counties to consider Ontario's Student Venture Capital program. This program will provide \$125,000 in interest free loans during 1979 to encourage enterprising students to set up their own summer business, Mr. Eakins stated. He pointed out projects could have began as early as April.

"Serving the Highlands for over 85 years"

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 85 years. Established in 1882 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 360, K0M 1S0, Phone 467-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

First Workshop a Success

The Economic Development Commission's first workshop at the PineStone Inn was well attended and the submissions were well thought out and well presented. The opening presentation offered by Gary Kenney certainly represented a great deal of thought and effort on his part and the round of applause he received was certainly well deserved.

The second workshop to be held this Wednesday at the Frost Centre will be led off with a presentation made by the Frost Centre itself. The Frost Centre does play an important role in the economy of that particular part of our county, and their particular presentation will provide details on just what that role is and consider some alternatives on how it may be expanded.

There were many who attended last Wednesday's workshop simply to listen in on the proceedings and they are of course, most welcome to do so. We should remember however that these meetings will only be as interesting and as productive as the subject matter that is presented and we do hope that many of those who have now listened to other presentations be moved to make one of their own. The plan of action for the Economic Development Commission will be built around the submissions presented so if your ideas are not submitted they can hardly be included in the plan.

New Budget Recognizes The Importance Of Tourism In Ontario

In the budget presented by the Honorable Mr. Millar on April 10 there were some plums for the tourist industry. The present exemptions for transient accommodation sales tax has been extended from December 31, 1979 to March 31, 1981. A number of representations have been made to government to have this particular tax discontinued, permanently, but certainly an extension of the exemption is important at this time. Also exempt from now until March 31, 1981 is tax on equipment and furnishings for restaurants and tourist accommodations. This exemption recognizes the importance of upgrading existing facilities throughout the industry. There is no doubt that tourists are becoming more and more demanding for quality facilities and the operators who are continually upgrading their premises will profit from this trend. It is hoped there will be more announcements forthcoming from the provincial government regarding assistance in this category. The fact that visitors from outside Ontario may have all of their provincial sales tax refunded to them is not new, but only now is it being given a great deal of publicity. Folders explaining this along with an application for a tax refund are now being printed by the Ministry of Revenue and will be distributed by the Chamber office. Our visitors will certainly appreciate being made aware of these facts.

Tartan is on the Way

The dilemma of no longer having our official Haliburton Highlands Tartan has now been rectified through the kind co-operation of Haliburton County Council. A new supply has been ordered in Scotland and will be available within three months. Unfortunately, due to the fantastic increase in wool prices and the exchange on our dollar to an English pound, cost of the Tartan is almost double what it was the last time we purchased it. It is, however, gratifying to note that according to the latest budget the Tartan will now be exempt from the provincial sales tax. That helps a bit.

So Much is Happening

We do in this column attempt to keep our readers informed on new businesses, new owners and new facilities in the county as they happen. This spring it seems like so many things are developing that it's almost impossible to keep up with it. We just got a chance the other day to visit the new bake shop facilities in Red & White Store in Haliburton which is proving very popular with local shoppers. Across the road Paulette's Antiques and Gifts has moved to a store front location in the same building. It was amazing what an attractive store Paulette was able to form in her downstairs location and with the new facilities her shop is even more intriguing.

John Beachli's crew wasted little time these past few weeks in dismantling the old I.G.A. building and as the lot is now cleaned up there is much anticipation about the new Bank of Montreal quarters that will be rising in that spot.

We shed a tear as Drag Lake Lodge passes out of existence as a resort to become a Camp for Medically Handicapped Children. This well-known old resort will be missed but the new facilities to be offered on that property hopefully will be good for our economy and provide considerable employment.

Down in Minden, Keith and Eva Prior are busy working on the old Cameo restaurant where they will soon open their new bakery and snack bar. Out on the highway just next to the O.P.P. station,

Pic of the Past

The late Mr. and Mrs. Lew Best of Minden, with their daughter Mary, are shown out for a canoe ride. Mr. Best operated a "wool carding mill" at his home on the river above "Workman's Falls". This is now

the site of the Orillia power plant and the Best property is now flooded land. This photo which was submitted by Mr. A.M. Adams of St. Catharines was taken before 1920.

Use Venture Capital, Eakins urges

John Eakins, M.P.P. Victoria-Haliburton, said that he again this year will encourage young people in Victoria and Haliburton Counties to consider Ontario's Student Venture Capital program. The program will provide \$125,000 in interest-free loans during 1979 to encourage enterprising students to set up their own summer business.

Since 1974, Student Venture Capital has given full-time students (18 years and older) the opportunity to finance their education while acquiring business experience first hand. Projects may begin as early as April 1, 1979. Last year, a total of 97 projects were approved and \$82,525 was loaned in

amounts ranging from \$200 to \$1,000 - the maximum amount available to each venture.

Sponsored by the Ministry of Colleges and Universities, in co-operation with various Chambers of Commerce in Ontario and the Royal Bank of Canada, Student Venture Capital is part of the Ontario Youth Secretariat's \$19 million Experience '79 program to provide students with employment experience.

While most student ventures are profitable, successful projects tend to be labour intensive and are characterized by low capital outlay, a great deal of hard work and familiarity with the field of endeavour.

In 1978, a University of Toronto student capitalized upon his knowledge and skills by operating a water ski and kite school in the Muskoka resort area. He netted over \$5,000, providing instruction in all levels of water and kite skiing.

Another university student became a sub-contractor to a commercial painting firm and employed 13 students throughout the summer. His total net profit was estimated at \$5,000; wages paid to employees exceeded \$10,000.

Participating Chambers of Commerce share their business expertise and familiarity of the local business climate with the students. Local chamber members screen applications, suggest improvements and recommend approval of those projects having the fundamental in-

redients for success. Once the student's proposal is accepted, he or she must agree to follow certain standard business procedures, make regular reports and repay the loan by October 31, 1979.

The Royal Bank of Canada provides interest-free bridge loans to students who are eager to begin their enterprises before government financing is available. A Royal Bank financial liaison officer provides banking and financial advice.

Application forms for Student Venture Capital are available now and may be obtained by contacting: Lori Mark, Program Manager, Student Venture Capital '79, Ministry of Colleges and Universities, 6th Floor, Mowat Block, Queen's Park, Toronto, Ontario, M7A 1B8.

Eakins wants low interest loans for tourist industry

Speaking in the Legislature last week John Eakins, MPP for Victoria-Haliburton asked Industry and Tourism Minister, Larry Grossman, if he would consider making low interest money available to

the tourist industry. Grossman replied that the tourist industry is being supported through the Ontario Development Corporation, but Eakins said he feels that this is not nearly good enough.

"April is the cruellest month," So said T.S. Eliot, a transplanted American who spent most of his adult life working in a bank and writing poetry in England.

As far as England goes, he was full of baloney. April in England is delightful. It rains only every second day, and the countryside is green with grass and as colourful as a patchwork quilt with flowers.

Now, if he'd been writing about Canada, I'd agree. April is no bargain in these parts. It's one of those nothing months, like November.

You have staggered through the last of the March blizzards. Barely. And suddenly, in theory, it's spring. In reality, it's the dirty bottom end of winter, and the weakest possible whisper of a hope for summer.

April is mud, treacherous, piercing winds that give you that racking cough you avoided all winter, rusted fenders, changing snow tires, and surveying your property and all the detritus deposited on it and around it by the recent winter.

Just checked mine today. On the side lawn there is a dirty brown hump that resembles something from the paleolithic age, eyeless, shapeless, but somehow menacing. It is made up of one part ice, two parts sand, and one part salt, all courtesy of the snowplowing department. This lump will have melted entirely by the fourth of July and will leave a 30 square foot patch of pure Sahara.

Scattered about the back porch are bits and pieces of whole shingles, removed, without charge, from the roof when the man was knocking off the ice at the end of January.

Mingling with the shingles are portions of brick, knocked out of the wall by the man who removed some of the shingles while he was removing the ice.

Lying on the back porch itself is a pile of glass, shattered from a storm window that didn't quite get put on last November, and was leaned carefully against the house to wait for a nice day for

installation. A December wind caught that one.

Leaning limply is the storm door, which will no longer close, because the ice got in around it, and it was forced shut so many times it lost its shape and all desire to keep out the weather, and the mosquitoes, a month from now, when it becomes a screen door.

Lying in the back yard, leaning on the elbow, is one of the great old cedar chairs, looking as though it had just been mugged in a back alley by a particularly vicious gang of punks. Beside it stands the picnic table, practically sward-backed from the load of snow and ice it carried all winter.

But all is not drab. There's a nice touch of color here and there. A green wine bottle tossed over the fence by some passing contributor. Here, frozen into the ice, a newspaper wrapped in yellow cellophane. Over there, another paper, wrapped in blue, emerges from its winter retreat. Both bear December dates.

There's a frisky grey squirrel, scuttling up the dead vines on the house, looking for a soft spot to gnaw through and deposit her kits in the attic. Chasing her is a dog, probably the same one who left his calling cards all over the back yard during the winter, which are now melting nicely with the mud and the stench of dead earth coming back to life.

And the clothes-line is sagging like an ancient stripper. The back stoop is just that. Stopped from the ice falling

off the roof onto it.

All this is normal enough, a typical April scene, and I'm not complaining. But wouldn't it be nice if you got through one April without your tail-pipe and muffler suddenly starting to sound like a bull breaking wind?

It's enough to break a man, were he not a sturdy Canadian, who has been through the same performance in the same arena year after year.

But this April is going to be the one that broke many a man stronger than I. On top of all the usual crud of April, will be piled the even cruddier crud of an election campaign.

It won't be so bad for the kids, who don't mind April at all, as it gives them a chance to get soaked to the knees and covered in mud with some excuse. They don't care about politicians.

Nor will it be too tough for the elderly, who greet April with a kind of jaunty, triumphant grin, because they've made it through another bone-buster of a winter. And they are perfectly aware that politicians are pernicious, whatever their outer coloring.

But for the honest, decent, middle-aged Canadian, who sees no more difference between the parties and their promises that he does between his left hand and his right, it's just too much.

April by itself is bad enough. But to go through 30 days of it huddling under a barrage of political poop is the utmost pits. I agree with the poet. This April will indeed be "the cruellest month."

Life is a Mutual affair.

Small game season open last Saturday in September

Ontario's seasons for small game, such as game birds, rabbits and squirrels, will open in 1979 on the last Saturday in September to coincide with the opening date for waterfowl hunting in many southern parts of the

province. Natural Resources Minister James A. C. Auld said this week.

The Minister said hunting zones are the same as those described in the 1978 hunting summary, with the exception of zones 11 and 12 which have

been changed and the addition of number 13 as a new zone. Zone 13 encompasses a 10-mile strip along the Hudson Bay shoreline from the Manitoba border to the Brant River.

Zones 12 and 13 correspond to areas with an extended season for sharp-tailed grouse and ptarmigan.

"The grouse and ptarmigan season in Zone 13 will open on September 11, four days earlier than last year, and will coincide with the

opening of the waterfowl season to provide additional hunting opportunities," Auld said.

Rabbits covered in the open seasons include cottontail, varying (snowshoe) hare and European hare. Squirrels (black or grey, and fox) and game birds (ruffed grouse, spruce grouse, sharp-tailed grouse, ptarmigan, Hungarian partridge, bob-white quail and pheasant) are also included.

A shortened bob-white quail season, October 24 - November 10, as compared to October 18 - December 15 in 1978, is planned for Elgin and Middlesex Counties next fall.

"We want to determine whether the shorter season will allow quail in these areas to recover from setbacks which resulted from several harsh winters," Auld explained.

"There'll also be a shorter season for squirrels in Elgin and Middlesex because their numbers have declined and have remained persistently low over the past few years."

Auld said southern Ontario's cottontail population ris-

es and falls periodically and 1978 was one of the low years. He said it's still too early to predict the status of cottontails for 1979-1980 but ruffed grouse and snowshoe hare numbers are expected to remain at moderate population levels.

Hunt success is expected to remain about the same for most species as in the previous hunting season.

For the Haliburton area, the season on rabbits, including cottontail, varying hare and European hare, will extend from September 1, 1979 through June 15, 1980. Daily limits are six cottontails and six European hare, with no limit for varying hare.

For black, grey and fox squirrels, the season runs from September 29 through December 15, 1979, with a

possession limit of ten, and a daily limit of ten.

The season this year on Hungarian partridge extends from September 29 through November 10, with a daily limit of eight birds, and a possession limit of 16.

Grouse can be taken from September 29 through December 15, with limits of aggregate of five ruffed and spruce grouse in one day,

possession of 15 aggregate, five sharp-tailed grouse daily, and 15 in total, and five Ptarmigan daily, with a limit of 15.

Pheasant season extends from September 29 through December 15, with daily limits of three of either sex. They can be taken from one half hour before sunrise until one half hour after sunset only.

Bates presents \$3000 cheque to Ontario Crippled Children

Congratulations to Randy Grant! As you read in last week's paper, Randy was the winner of the Air Canada tickets for two to anywhere the airline serves, drawn at the O.F.S.C. convention from all entries in this year's Snowarama for Timmy. I was especially pleased that the winner was a Haliburton snowmobiler and a recent graduate from the O.F.S.C. driver training program. Randy received his licence last season from Dennis Casey, one of the club instructors for the Haliburton County Snowmobile Association.

The O.F.S.C. (Ontario Federation of Snowmobile Clubs) enjoyed a very successful convention. It was held this year in the Royal Connaught Hotel in Hamilton, April 6, 7 and 8. Despite the severe storm on Friday, some 800 delegates turned out to join in the festivities and to deliberate on matters of concern to snowmobilers across the province.

A most successful innovation at this convention was the adoption of the seminar format. Eight seminar topics were offered, each repeated three times so that all delegates could participate in the three of greatest interest to them. From my own observations as a panelist, and from remarks of the delegates, it is clear that this format served to improve the free exchange of information and ideas between clubs, and between the clubs collectively and the Federation board of directors.

Guest speaker was the Honorable James Snow, Minister of Transportation and Communications, who applauded the snowmobile clubs and their Federation for their excellent work promoting safety in snowmobiling. While the incidence of accidents was up slightly this year, the safety record of clubs remains virtually spotless. Snow gave his assurance of continued co-operation, and support from his ministry.

Two snowmobilers were the lucky winners of two machines donated by John Deere for the monster snowmobile raffle. Tickets were issued to all Federated clubs early in the winter with 50 percent of proceeds retained

by the clubs and 15 percent of the remainder going to the Ontario Society for Crippled Children. As an indication of the success of the venture, the cheque that I was privileged to present to Timmy was in the amount of \$3,000!

Two new faces will be seen at the board room table this year. They are Jim Derry of Bradford and Dean Smith of Leamington. All other positions were filled by directors re-elected. In the O.F.S.C. a

director's term is two years, with eight of 16 elected at each annual meeting. Executive positions are filled from within the board, with this mini-election taking place prior to the close of convention. The new Federation president is Robert Feasey, of Strathroy, who has served most capably as treasurer in the past year. Vice presidents are Chuck Mann (first) of Kincardine, and (second) John Bean of Bala. Treasurer

is Ted Pollock, Bobcaygeon, and the recording secretary is Phil Ormsby of London who retains the position. This writer automatically assumes the position of immediate past president.

My heartiest congratulations to Bob Feasey and his executive, and to the two new directors. With a good carry-over of workers from the previous board, I am confident the O.F.S.C. is in good hands!

Major changes in moose hunt

Major changes are being considered for Ontario's 1980 moose hunt, according to Natural Resources Minister James H.C. Auld. The herd hasn't increased since 1975 when seasons were shortened to reduce the harvest.

Auld said last fall's cool, clear weather brought ideal hunting conditions and encouraged 70,000 hunters to take just over 9,000 moose.

"That's more than wildlife managers had planned for," he said. "When the problem of overharvest was recognized in 1975, the ministry took immediate steps to build up

the declining herd - we were optimistic the downward trend in herd size could be reversed."

The minister said that in 1975 it was decided to limit the kill in overharvested areas by providing shorter seasons between the rut and snowfall.

"It's now clear that this method alone won't reduce the harvest in critical areas," he said. "Consequently, much of the moose range remains understocked."

"We're now evaluating ways to allow more predictable controls of the harvest.

We'd also like to encourage hunters to use underharvested ranges."

He said the control of hunter numbers in overharvested areas would provide wildlife managers with one of the tools necessary to deal with local conditions.

Ministry moose experts believe the best way to rebuild the herds is to spread moose hunting more selectively across the north. Such selectivity, as well as other management techniques, should provide better opportunities for taking moose in the long run.

7:30 P.M.

ALL ARE WELCOME

Tuesday night combines near end of season

High singles in Tuesday Night Combines bowling action last week went to Lil Gorveatt, 304, 226, 203 - 733; Georgina Boland, 189, 284, 240 - 713; Ian Colman, 215, 246, 237 - 698; Marnie Bunn, 287, 196, 209 - 692; Harry Baker, 173, 206, 273 - 652; Art Beatty, 188, 217, 244 - 649; Anne Baker, 192, 259, 188 - 639; Brenda McKinley, 207, 222, 187 - 616; Susan Francis, 229, 186, 193 - 608.

Standings for the final night of play-offs were: first section, 1st, Eva Piper, 9135; 2nd, Art Beatty, 9017; 3rd, Bruce Medcalf Sr., 8771. Second section: 4th, Lil Gorveatt, 9098; 5th, Harry Baker, 9076; 6th, Pearl Foster, 8553.

1980 Chevrolet Citation

See the first front-wheel drive cars of the 80's with the Chevrolet & Oldsmobile names behind them.

The first Chevy of the 80's has so much to offer. Small outside with its sleek, aerodynamic design, it's big inside, seats 5 adults. Citation is sporty, swift and smooth. The front-wheel drive gives you good traction in rain, snow and mud. Choose from 2-door coupe, 2-door club coupe, 2-door hatchback coupe or 4-door hatchback sedan. Standard 4-cylinder engine or optional V6. Come in and see Citation for yourself. Test drive one soon.

Oldsmobile class, good looks, luxury and engineering, that's Omega. Small outside but with just about the space and comfort of a mid-size Oldsmobile inside. The front-wheel drive with transverse-mounted engine gives you more traction and stability. Step up to the 1980 Omega. Sized for the times. You'll know when you see it and when you test drive it.

Extendicare News

by Dr. W. O. Anderson

The weekend storm that covered the efforts of our bulbs to come forth was just that. Such evolution by plants that give them protection from any natural hazards is just as much a part of the plant as the leaves as an example. Some of the crocuses were even in bloom but they would in no way come to injury because in the process of development to this point any members unable to take the gaff simply cease and no longer propagate, a natural law known as "the survival of the fittest".

Monday morning many of us got busy in decorating the wall receptacles and using spring wood clothes pins (springs removed) to make decorative mats and another version of the wishing well, in which the pins are secured upright like a palisade around a container for some precious tiny plants. Plants that would be suitable are: the string of pearls version of the strawberry begonia, in which every "pearl" is a cutting for a future plant, or one of the ivy. The eager beavers of this session were: Jim Allen, Mrs. Flossie Burk, Mrs. Ada Denholm, Mrs. Vera Griffin, Mrs. Edith LaRue, Mrs. Violet Lytle, Mrs. Lila Simmons and Mrs. Maude Weston, bird feeders by Jake Gill, Norman Titus, Charles Welch and Ray Smith, all supervised by our volunteer helper, Mrs. Mary McKee.

At breakfast we were discussing some marvelous machines like the toaster in the kitchen. Loaves of wrapped sliced bread go in one end and lovely toasted buttered bread ready to serve comes out the other, using the equivalent energy of a bulldozer; or to make toothpicks, logs and cardboard go in one end and toothpicks come out the other packaged and ready to sell, using the equivalent energy of the horse and buggy; or this news: by the time all and each of the residents get a whack at it, it comes out as is with no energy equivalent.

Because we got a perfect score with our crocus bulbs, we are reminded that we owe thanks to Campbell's Garden Centre & Flower Shop of Minden for supplying us with that perfection.

Mrs. Kel Andison, Mrs. Dorothy Iles, Mrs. Betty Wise and Miss Karen Henderson, all volunteer helpers, were on hand at Tuesday's

bingo to help make it the success that it was. Jake Gill called and won a couple of times.

Wednesday morning we were asked to put our cares away and then they settle us down to a couple of tables of euchre. It seems that with a bit of shuffling, everyone won.

We were very glad to welcome Mrs. Nancy Picard who entertained us on the piano, then she, Jack Pollard, harmonica and Jake Gill, autoharp, formed a trio together, the string instruments harmonizing nicely with the reeds. It was all a surprise treat.

Rev. Don Nicholson of the Haliburton United Church was the spiritual leader for our Good Friday devotional period. The message dealt with "the renewal of life after death" depicting Christ in the mob bent on the excitement of a crucifixion thinking it would be final, while He knowing that his crucifixion would be followed by His resurrection. The finality is emphasized by the casting of lots among the mob, a modern disposal of His estate. The sequence is Christendom a glorious life after a despicable death. Owing to previous commitment Rev. Nicholson could not join us in our after service chat.

Two movies were shown in the afternoon. 1. Three above the 60th parallel, referring to the National Parks, Kluane, Nahanni, and Baffin Island among them showing Canada's reserve of superlative grandeur in the far north a veritable panorama of ice age in winter and a splendid display of exuberant vegetation in summer. One cannot help but admire the ingenious audacity of the photographer. The grandeur displayed can be seen nowhere else, being simply nature in the raw. 2. "Christ is risen", the Christian liturgy of the Easter celebration as shown in the Easter mass. Differences in ritual is very prevalent among Christians but only in form as their means of glorifying Christ.

It is indeed odd the topics that come up here for discussion. Take this volcano that has erupted on the island of St. Vincent in the British West Indies, like a boil on the earth's surface representing a catastrophic escape of energy from the interior, and repeated here and there on earth intermittently from the

sun is a nuclear fission furnace of its own magnitude. And after all, is this not beginning, if such was. That energy is generated somehow in the interior by a breeder reaction of nuclear fission. The enormously high temperatures in the interior, that our scientists are working to achieve is a step toward fission, must be ideal for sustaining the breeding of energy by earth's naturally controlled furnace. It is pretty well conceded that the perpetual energy?

Opulence and corpulence are nearly synonymous.

Easter Sunday afternoon Capt. Burry of the Haliburton Salvation Army, Leslie Roberts with his guitar, and officer, Mrs. Amelia Sibley, paid us a visit, and with Capt. Burry's accorded provided us with a substantial program of sacred and Easter songs of

Cont'd. page 9

Mr. and Mrs. Arnold Roberts of Haliburton, married 60 years on April 16th, celebrated on Saturday during an open house for friends and relatives. The couple was wished by some 75 people and Mr. Roberts commented "...60 years isn't so long".

Senior League

by Doris Robertson

Birthday wishes to Sophia Sanderson who celebrated on April 8. I neglected to mention her birthday in last week's column.

Monday morning began our week with fun, fitness and crafts in the afternoon. Evening entertainment was two real good films. The first was entitled "Could You?". This film was all about the handicapped people who made their living by painting by mouth. It's just incredible what these people can do. Some work in offices typing, some do painting with their feet, some sculpturing. It's amazing what people can do if they just put their mind to it. The next film was "Boating Safety and Security", telling how to practise water safety; a very good film for this time of the year.

Tuesday morning devotion was led by Rev. Glenn Rosch from Haliburton Pentecostal Church. He brought forth a lovely message in sermon and in song. We also had Agnes Taylor to play the organ for our service.

In the afternoon we held a bingo game in our main lounge. There were lucky people all over the place.

Wednesday was just a regular day with fun and fitness in the morning and craft work in the afternoon for

the ladies and carpet bowling for the men with Lloyd Coleman assisting.

Thursday afternoon's tea party was served by the Lochlin U.C.W. They brought such a beautiful lunch that everyone was stuffed when they left. It's good to see those dear familiar faces. In the evening the fellows from the Kinsmen Club came in to

call our bingo numbers for us.

Friday afternoon in spite of the holiday, Grace Coburn faithfully came in to lead the sing song, with the help of the nursing staff. Everyone enjoyed the afternoon.

We would like to thank the auxiliary for the beautiful bouquets of flowers for Easter.

So long until next week.

Kinmount Klippings

by Fran Crawford

Hi folks! Well, here we are halfway through April. The Easter bunny has been here and gone for another year.

I forgot last week, Mrs. Mary Graham of Irondale has been in Peterborough Civic Hospital and had surgery. She is coming along just fine and will be home again soon.

Mrs. Nora Brandon has had a bout of the "flu" or some kind of "bug" but is feeling much better.

Sympathy to the family of Keith Aggett who passed away suddenly last week.

Miss Nancy Woodcock is the only one I have heard from and she won a free book of tickets on Wintario last draw.

There was no 50-50 draw at Legion Branch 441 on Saturday. But they had a \$50.00 hockey pool and who should win, no other than Dora Lilley of Norland. Congratulations. No bingo in Kinmount Friday but this week will see

58 numbers called for a jackpot of \$180, I believe. I hear Eileen Shepherson won \$25. at Coboconk on Thursday night.

Mrs. Bea Hancock, Robert and Tim of Irondale motored to Prince Edward Island last week to visit Bea's father. They arrived back home late Saturday afternoon. They were tired but had a very enjoyable holiday.

Christina, Elaine and John Windrum and "Fess" visited with their families and friends at Penetang over the holiday.

Help! Help! Help! The Victoria County Spring Festival of the Arts will be celebrated from May 25 to June 3. Mr. Sam Telford is the convenor for the Kinmount area, and he tells me that there will be a play, puppet show for the children, an arts and crafts show and sale, and a dance in that period. The play is "Our

Town", by Thornton Wilder. Sam says they need more people, male and female for his cast, for small parts, stage assistants and makeup. The play is scheduled for May 25 and 26. So come on you people who would like something different to do for a change. Just call Sam anytime, his number is in the book.

There was a baby shower for Rose-Marie Crego (Paul's wife) at Verna Crego's on Saturday. She received a lot of lovely gifts. The weather was bad so not too good a turnout but a good time was enjoyed by those who were there.

Last Wednesday night there were 23 members of the Ladies Auxiliary to Branch 441 at the meeting and nomination and election of officers for the coming year. We had our Zone F4. Zone Commander Phyllis Monte-

Carnarvon News

by Yvonne Penney

Easter weekend was very dull and rainy but many of our summer visitors took advantage of the long weekend to visit their cottages.

Mr. and Mrs. E. S. Limbeier and Toby spent the weekend in the area visiting friends.

Julie and Colin Russell spent the Easter holiday with his parents, Sinclair and Mabel Russell.

Best wishes of the community to Grace Cowan who is a patient in Minden Red Cross Hospital.

Susan Redner who is attending college in Toronto spent the weekend at her home here.

Bryan and Debbie Chambers and Scott spent Easter with his parents, Bill and Alice Chambers.

A large crowd attended the Easter morning service at Carnarvon United Church.

The junior choir sang a hymn which was written by one of our choir members, Mr. Les Clark.

Mr. Norm Wallace had both of his daughters, Margaret and Dorothy and their families home for Easter.

Chatting with Irene

by Irene Moore

There is an old saying, "Bad pennies always return". This is so true; look at me, I'm back from my holiday in Victoria, B.C. What a lovely time I had. It rained only twice. The flowers and trees were all so pretty. I even saw a monkey tree, and that is some sight let me tell you. There is so much to tell you that you may be reading about the trip for a few weeks. It is sure nice to have a holiday, but it is just as nice to get home and be able to say "hello" to people as you walk down the street. Be it ever so humble, there is no place like "home".

Before I forget, just before I left for home I had a phone call from Lenore Biagi. We had a real nice chat and both she and Frank wish to be remembered to all their friends in the county. They are both fine and it was when she got her Echo that she knew I was in Victoria, so she hunted my son's phone number up. That alone is a feat in itself, for one morning I started to count the D. Moores in the phone book, and after reaching 25, I stopped. Thanks for phoning Lenore, I really enjoyed our chat.

Mr. and Mrs. Gordon Dawkins and Beverley visited their cottage on Hawk Lake Road over the holiday, and had a nice visit with Mrs. Ethel Harrison who is at home now.

Dave and Beth Titus, Bernard and Betty Trumbull all report having a wonderful time during their trip to Texas.

Rev. and Mrs. D. Barker are very happy over the arrival of their second son, Stephen Andrew.

While down the street on Saturday I had a lovely chat with Kay Simpson and Ivy Bolton who were up for the weekend from Scarborough.

April 23 to 27 is Education week, so it is hoped all will remember this.

Jerry and Pearl Durant were so happy to have Mr. and Mrs. Bob Durant, Keri and Kristi, all of Toronto visiting with them over the Easter holiday.

You cannot take more out of life than you put in. How true that is.

Mr. and Mrs. Milt Sears were in Toronto on the weekend; hopefully they were able to see at least part of one of the Blue Jay games before the rain came down.

Ray and Adele Rivers and boys, also Mrs. Amy Milligan and Bernice of Newtonville, spent the weekend with Maude Coulter.

Mr. and Mrs. Bud Anderson and family went to Scarborough for the weekend, to see their new grandson.

Did you know that the worst danger that confronts the younger generation, is the example set by the older generation?

Extendercare

from page 8
praise. A goodly number of Extendercare visitors enjoyed this worship with us, without which this Easter would not have been complete.

We have an Easter mystery which surrounds the eggs each of us got on our Sunday noon hour dinner plate. The donor(s) is a mystery, but they were all nicely wrapped in many different patterns of tin foil, and were made of chocolate. Lacking other clues we may say they came from the Easter Bunny. Whoever, you have our Easter thanks.

Paul and Jan Heffer visited with Jan's parents in Kingsville over the weekend.

Mr. and Mrs. Alan Brydson and family of Bracebridge visited with Mrs. Ben Harrison over the holiday weekend.

Mr. and Mrs. Earl Bird and family spent the weekend in

St. Catharines with the Jack Birds.

Mr. and Mrs. Blake Hughes and girls of Mississauga spent the weekend with Mr. and Mrs. Bob Hughes.

They say a recipe tastes better after it has been tried out, so here is one that I brought from B.C.! It would

be good for kids birthday parties. It is called Clowns: 6 large cookies, seedless raisins, 6 flat bottom ice cream cones, ice cream and marachino cherries. Arrange cookies on large plate, in centre of each place a ball of ice cream; top the ice cream balls with inverted ice cream cone. Decorate each ball or ice cream with raisin eyes, cherry nose and cherry mouth. Sounds like fun.

Mrs. Gern Bresna and some of the family of Kapuskasing spent the holiday with Mrs. Irene Stamp, and Bud Stamps.

I didn't tell you how lovely the flowers and trees were in

B.C. I never saw so many flowers in bloom in March before. The trees were all in blossom and the pretty sight was what they call a sight for sore eyes. Even the gladiolus were coming up. They do not dig up the glad bulbs in the fall, because there is not front enough to hurt them. Wouldn't it be nice if we could leave them like that?

Let's imitate the good old horse, and lead a life that's fitting; just pull the honest load, and then there'll be no time for kicking.

I'll have more for you next week; I just got home Thursday night.

Adios and take care now.

Recycle it!

by Jane Selbie

Need a waste basket? Those circular drums from the dairy are an ideal size. Wash it out and dry thoroughly. Seal the inside with a couple of coats of varathane which will be easy to keep clean. The outside can be decorated in any number of ways. Save interesting wine and liqueur labels and glue on, sealing in with varathane. Or make a match with wallpaper in the room, painting it first, then cutting out a border or individual figures or cover it completely with paper. An outside coat of clear varathane strengthens it as well as giving it a finished look. I even covered one in patchwork squares to match my quilt...something you'd never be able to buy!

Mrs. Martha Robertson of Ingoldsby gives us this idea to stretch the life of bedding. Bed sheets that are beginning to show signs of wear can be cut down the centre. The outside portions are joined together to make a new strong centre. The cut edges are turned and sewn.

Mrs. Dawn Brohman of Ingoldsby suggests we find ideas for applique patterns from new or used colouring books. These simple but cute pictures can be adapted to applique on quilts, clothing or used for embroidery designs or cake decorations.

"But my ideas aren't original!" Several people have mentioned that they have recycling ideas but they didn't invent them. That doesn't matter. We all benefit by sharing ideas that we have tried or have seen in use. This column is a chance to share recycling or useful household tips. We all enjoy and benefit from new ways of thinking. Let's hear from you.

District News

Maple Lake News

by Elaine Barjarow

Bob and Iris Merideth and family of Toronto spent the weekend at their cottage here.

Visiting with Bob and Iris were Bob's mother Alice Merideth and his brother Raymond both of Pembroke, Ontario.

Earl and Merle Redner spent the weekend visiting Claude and Bernice Fader in Lindsay and Val and Cheryl Redner in Gravenhurst.

Bert and Pearl Lee were surprised to have Bert's sis-

ter and brother-in-law Marg and Tom Brasseur from Scarborough call for a visit on Sunday.

Last Wednesday along with many more concerned Stanhope ratepayers, I attended the monthly council meeting. During the course of this meeting a petition with 408 names was presented to council. The nature of this petition was to pledge their full support behind our clerk, Gerald Bain. These people realize the many things that

Gerald has done for our township and the many things he will do in the future.

I watched with some dismay, the reluctance of some members of our council to pledge their support for Gerald. On the same item I would like to mention that our reeve Jim Harrison and our deputy reeve Elgin Stouffer were willing to stand up and speak out their support for our clerk, Gerald Bain. I only hope this show of support will

induce our council members to try and resolve all these problems and ensure that a much respected and I might add, a much needed, member of our office staff namely our clerk Gerald Bain, is returned for many more fruitful years ahead.

Harold and Evelyn Barjarow along with his mother Blanche Barry spent the Easter weekend in Cornwall visiting Jack and Elva Barjarow and family.

Dorset News

by Phyllis Briscoe

"In the old days if you didn't feel well, you went to a doctor. These days you have to know why you don't feel well in order to know what kind of a doctor to go to."

Anyone want a cute little kitten? The Bill McKays have two litters on hand so you have quite a variety to choose from and if you want one of the little bundles of fluff, stop in and take your pick.

Visiting at Hector and Marcella McKays home for the Easter holiday is daughter Susan and friend, Terry Brady from Willowdale. Also, son Earl and his daughter Leanne from Ottawa.

You are invited to a Supper party on Tuesday, April 24 at 7:30 p.m. to be held in the United Church Sunday school room. This is

being sponsored by the Dorset Girl Guides with the proceeds going to the International Year of the Child.

We wish to congratulate some of our seniors who celebrated their birthdays last week. Mrs. Landon, who is in the nursing home in Gravenhurst, was 92 on the 11th. Bert Field, who now lives in Huntsville, was 81 on the same day and Muriel Lockman turned 85 on the 13th. We send them all best wishes and hope they have many more happy birthdays.

Bill and Isobel Avery have left their home in Dorset and are now residents at the Martins Manor nursing home in Gravenhurst. We wish them happiness in their new abode.

We welcome Hector and Marcella McKay home after

an extended trip through the southern states. They spent some time in Texas, then went along the gulf coast into northern Florida and north through Georgia and the Carolinas, stopping at Myrtle Beach. They report good weather most of the trip and that they had an enjoyable nine weeks.

Lloyd Green of Hardwood Lake was surprised on Thursday, April 12 when various members of his family descended on his home to help him celebrate his 80th birthday. They came from St. Catharines, Burlington, Huntsville and Baysville bringing with them a prepared meal and decorated birthday cake. Needless to say it was a happy occasion for one and all. Congratulations, Lloyd.

Kinmount Klippings

from page 8
miglio from Lindsay and her friend Elva McPherson as special guests and helpers. Mrs. Vi Willard has had her membership transferred here from Gananogue. We have two new members, Miss Marie Simpson and Mrs. Marg Hockley.

For the coming year our officers are: president - Lil Platt; treasurer - Mary Munro; secretary - Vivian Anderson; first vice - Dagmar Simpson; second vice - Ruth Menard; sgt. at arms - Helen Byne; executive - Gertie McKay; Joyce Brown, Gladys Silver; kitchen convenor - Lil Platt; and other helpers picked each month.

We had lunch after the meeting, sandwiches, cakes, cookies, tea and coffee. Everyone ate too much but a few laughs helped settle that.

Weekend visitors with Mrs. May Horsley were Lynn and Dave Henderson, Lee and Murray Henderson and their families.

"First time ever zone cribbage was held" in Haliburton Legion on Saturday and was won by Ladies Auxiliary Branch 441. Our first trophy ever to bring back to "our Legion" after many years of trying. The proud winners were Dagmar Simpson, Gladys Silver, Mary O'Toole and Ruth Menard. Each of the winners were given a hanging planter to take home.

Runners-up in 2nd place, Kinmount Ladies #1 team - Mary Hartin, Mary Munro, Nora Brandon and Vivian Anderson. They were given a lovely tree of mugs each. Actually it was a double win and a great feeling of joy for all the ladies who participated. Congratulations.

We had a good crowd at the Legion dance Saturday night. Folks from Lindsay, Toronto, Bobcaygeon, Burnt River, Gooderham, Wilberforce, Minden, Haliburton and Irondale danced to the "Burnt River Country" music. We had a raffle and

Wayne Graham of Irondale won the pair of large bath towels and June Grozell won the white African violet. We had a bit of a skirmish toward the end of the evening but all's well and we'll be having our dance this week with "Country Rollers" from Fenelon Falls. Do come and enjoy yourself. We don't plan a side show every time you know.

Vi Willard and Albert Crego spent the weekend at North Bay visiting with Vi's son who is stationed there. He is in the Airforce.

Anyone and everyone who is interested. You know the computer mark is on nearly everything we buy. Please save these as so many are needed to purchase a kidney machine, and so many of us know what these can mean to so many. Miss Moira Brandon has brought this to our attention. These could be turned in to any of the Auxiliary members for the time being. Thankyou.

While we're on this coupon bit. We are saving the plastic tabs from bread and milk bags, etc. A nurse at Case Manor, Bobcaygeon, has connections to purchase a wheel chair for someone. Susan would be glad to turn them in to her.

Legion Branch 441 are having nominations and election of officers on Sunday April 29. All you members who have a vote please get out and vote. The bigger the turnout, the more interesting the outcome will be.

Mrs. Dagmar Simpson had her little grandson Lee Young visiting over Easter. Miss Kathy Simpson was home from Toronto too.

Mrs. Kay Allen and Gerard

spent Easter weekend in Lindsay with Rose, Ron and Michelle.

I was really surprised on Saturday. I'll have to thank the "Easter Bunny" who sent me a lovely little dish, full of candy, via the "Post".

Mr. and Mrs. Harvey Gilbert from Toronto spent the weekend with Harvey and Irene Gardiner. Mrs. Gilbert is Harv's sister.

Mrs. Mary Munro left Sunday motoring to Pembroke. Her sons and daughter-in-law were going to meet Mary at her mother's home there.

Joe and Erica Zeus were in town Sunday. They are visiting from Florida now.

That is all for this week. Bye now, see you next.

Steve Barry, Vice President of Prentice Roads Ltd., Minden, congratulates Paul Prentice as he receives the Dealer of the Year award from Bombardier's Branch Manager, Dean Allen. Mr. Prentice was one of five dealers to receive such an award selected from the entire network of Ski-Doo snowmobile dealers in the Province. adv.

Bexley council decides to buy grader at April meeting

At the April 3 meeting of Bexley Township Council, the following matters were considered:

Reeve E. A. Cameron reported on Larry Metcalfe's application for a plan of subdivision. He required council's feelings on a change from A1 to RR 2 Zone. Council decided to advise the clerk to contact Larry Metcalfe and make him aware that council is generally in favour of rezoning his property as shown on Plan 57R-1934, Lots 5 and 6, Conc. VII and amending the official plan. Metcalfe is to proceed with further details and drawings and submit them to council as soon as possible.

Council decided to buy a used grader for \$16,000 and the reeve and road superintendent were authorized to purchase the said grader.

Council instructed the road superintendent to have the new grader, garbage truck and G.M.C. truck to be lettered 'Bexley Township' at a reasonable cost locally.

The road superintendent was instructed to work in conjunction with the fire chief to "clean up" an unsightly condition at the very earliest opportunity, erect signs saying "No Garbage Clean Fill Only" and continue to keep this site in a presentable manner.

Chief Building Inspector Official Bradley Bradamore brought in his report. He reported on gas tank leaking on driveway at Leo Hannivans, which happened while on Township business. Mr. Dave Johnston, Planning Director, County of Victoria,

addressed council concerning rezoning and committee of adjustment. Moved by Mrs. J. Murray, seconded by Mr. Wm. Downes that it hereby resolved that all applications re zoning be handled by the county planner and his staff and the applications be subject to an impost fee of not over \$100.00 for each application payable by the Township of Bexley and the fee to the applicant would be set at \$300.00 of which the monies will be put in a trust account and the balance of cost monies will be refunded to the applicant upon receipt of all cost receipts. This is to be reviewed every six months. Motion carried.

Moved by Mr. Wm. Downes, seconded by Mr. D. Michel that it be hereby resolved that the said grader as purchased as of April 3, 1979, is to be rented out only with its grader operator. Each department requesting the use of the grader shall be charged on an hourly and monthly basis as set out by the M.T.C. rating since we are trying the cost of the grader off in a minimum of time and thus reduce the interest rate and include also the operator of the loader. Motion carried.

Moved by Mrs. J. Murray, seconded by Mr. D. Michel that the resignation of the

ONTARIO GOVERNMENT TENDER NOTICE TO EQUIPMENT OWNERS

TENDER #11-79-13

For Work in:

(a) Spence Township - approximately 44 miles of road in the Spence Local Roads Board System.

(b) Croft Township - approximately 35 miles of road in the Croft and Ahmic Lake Local Roads Board System.

The following equipment required:

1 only minimum 125 H.P. Grader with a 14 ft. blade and scarifier attached and qualified operator.

Date required: May 7, 1979 to November 2, 1979 for an estimated 700 hours.

Sealed tenders on forms supplied by the Ministry will be received by the District Engineer, D.A.O. White, until 1:30 p.m. on:

WEDNESDAY, MAY 2, 1979

Specifications, tender forms and envelopes may be obtained in person or by mail from the District Office, 207 Main Street West, Huntsville, Ontario, P0A 1K0. Telephone (705) 789-2391.

The lowest or any tender not necessarily accepted. The above equipment is subject to inspection before the contract is awarded.

Ministry of Transportation and Communications

Norland Notebook

by
Barbara Maunder

April 3 was the regular council meeting with all members present. Owners of the trailer parks in Laxton, Digby and Longford Townships were present when by-law #6-79, a by-law amending section 3:12 of by-law #14-74 and setting new trailer park licence fees of \$100.00 for summer and \$50.00 for winter, effective immediately, was read a first and second time.

By-law #5-79 appointing a Community Centres Board was read a second and third time and passed.

A topless entertainment by-law to be drafted for council consideration was defeated.

By-law #7-79 amending Section 2 (E) of by-law 5-75 and setting new dog licence fees, effective January 1, 1980 and providing for future revisions of such fees by council's resolution was read a first and second time.

The Gull River frontage charge of \$2.00 per foot that was set in resolution #38-79 is to be qualified by setting a maximum charge of \$500.00.

By-law #8-79 amending Section 1 of by-law #5-77, dropping the discount rate and imposing a one percent per month interest charge of all interim bills effective the day after such bills are due, was read a first time and defeated.

Twenty inch, #100 chairs are to be ordered for use in the township office. The motion setting snowplow rates for 1979-80 winter season at \$30.00 per hour with a minimum charge of \$5.00 per trip was defeated.

The clerk was authorized to hire an assistant to prepare and mail regular tax demands at the rate of pay of \$3.50 per hour. Elwood Baldwin, Head Lake was granted permission to prepare a portion of 5th Concession line, presently untravelling, for use as an airplane runway. It is understood that no permanent fixtures are established thereon and that no claim is established to the Concession line.

As considerable business and correspondence remained, the meeting adjourned for Tuesday, April 17.

Belated birthday greetings to a long time and well-known resident of the area, Nels Leary of Deep Bay, Gull Lake who celebrated his 75th birthday on April 11.

For those who enjoy country and western music, on Saturday, April 21 from 9:00 p.m. to 1:00 a.m. at the Coboconk Legion Hall. Joan Purvis' group, Country Sounds, will be on hand to provide it. There will be special guests from Ambassador Recording Record Artists, also Edd Blackwood, Roy Hurlburt and 10 year old Cathy Purvis. Admission is \$3.00 per person.

A big thank you from all of the Brownies, Guides and their leaders to everyone who helped with their successful tea and bake sale in the community hall on April 7. It was a lovely tea with a tempting array of baked goods for sale plus the Guide cook books and a variety of crafts made by the girls.

Winner of Norland firefighters' hockey pool on Saturday, April 7 was Randy Magee.

Balsam Lake Provincial Park is one of 13 parks where

alcohol will be banned from May 1 to June 18. It was prohibited during the same period last spring in an attempt to curb early season rowdiness. Most southern Ontario parks will be open by May 11 and the basic overnight camping fee this year is \$5.50.

Happy bride-to-be, Miriam Fulton of Bobcaygeon who is marrying Brian Bartley, son of Gerald and Joyce Bartley on Saturday, May 5, was feted at a bridal shower in Norland United Church hall on Saturday, April 14. Hostesses for the miscellaneous shower were Retha Bryant, Mrs. Eleanor Crane, and Mrs. Patricia Watson.

The title, Colourful Canyons, aptly describes the final travelogue in this year's Rotary's series at the Academy Theatre, Lindsay. Ed and Kathy Jillson from southern California had breath-taking and illustrative film of Zion National Park in Utah, Navaho Lake, Bryce Canyon National Park, John-

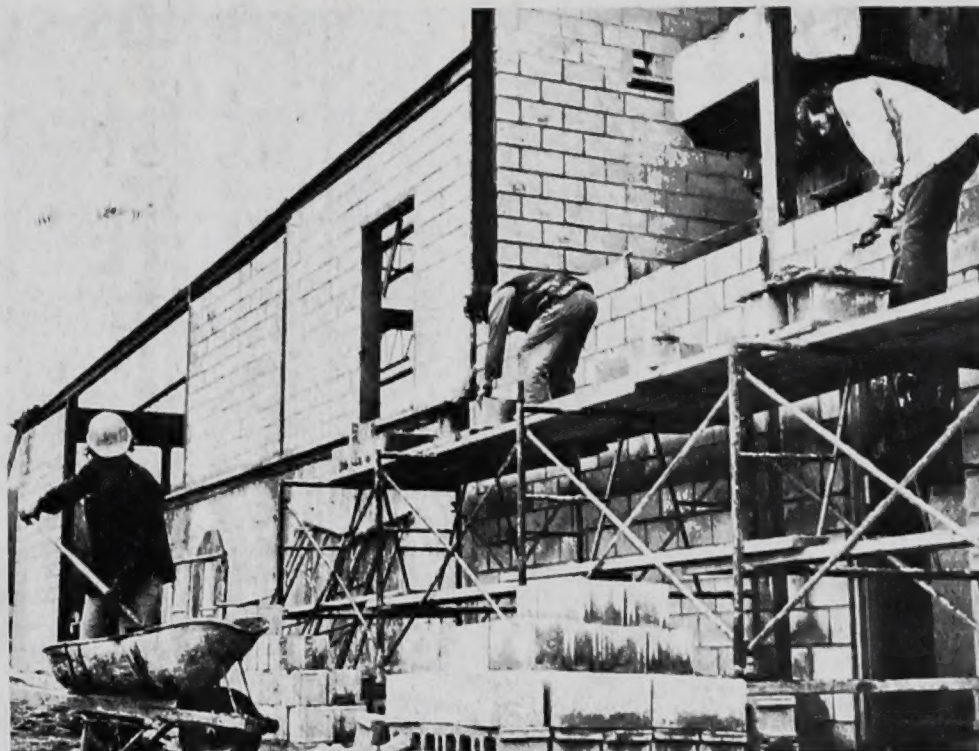

son Canyon, Lee's Ferry on the Colorado River, Painted Desert, Petrified Forest and the Grand Canyon. The six travelogues have been greatly enjoyed by all who attended them and the series for next year include England by canal, fabulous Rio, Colorado caper, mountains southern style, lure of the Great Lakes and Hawaii. The nice part is that while you are enjoying these fantastic pictures and hearing of other countries, their customs and people, you are supporting the many good works of the Rotary Club by purchasing travelogue tickets.

Norland bowling club's series 1 of the play-offs as of Wednesday, April 11: team of D. Boyce - 3335 pts., B. Maunder - 3022 pts., K. Watson - 3010 pts., L. McLean - 2955 pts., B. Davey - 2901 pts., N. Chynoweth - 2874 pts., T. Watson - 2696 pts., L. Jewell - 2518 pts. Ladies' high single and triple - Michelle Angiers - 249, 634 and men's high single and

triple - Harry Smith - 300, 779.

Bowling banquet will be in Kinmount Legion Hall on Saturday, May 12 with dinner at 6:30 p.m. Linda Revelle and her group, Rhythm Country, will supply the music for dancing following dinner from 8:30 p.m. to 12:30 a.m. Anyone who is not a regular bowler and would like to attend the banquet and/or dance must have purchased their tickets from one of the executive members, Retha Bryant, Marjorie Lee or Barbara Maunder by May 5. Tickets are \$8.00 for dinner and dance and \$3.50 for dance only.

Remember, too, that advance tickets may be purchased from Dolly LeCraw 454-8070 and Jean Boyce 454-8017, for the Ladies Auxiliary dance featuring "The Misty River Ramblers" on Saturday, April 28 in Norland Community Hall. Dance will start at 9:00 p.m. to 1:00 a.m. and it will be licensed under L.L.B.O. Tickets are \$8.00 per couple.

Now that spring has arrived, work has resumed on the new plant for the Wilberforce Veneer and Lumber Company. Workmen were busy this week raising the cement block walls that will enclose the new facility.

Wilberforce News

by Winnie Schofield

Very few couples can equal the record of Mr. and Mrs. John Bowen of Wilberforce who celebrated their 67th wedding anniversary on April 3, 1979. Born and raised in Cardiff Township they married and settled in Highland Grove where they were blessed with 10 children, six girls and four boys. A few years ago they lost one of the boys but nine of their children are still with them. They now have 27 grandchildren and 25 great grandchildren.

Mr. Bowen, who will be 93 April 18, has always led a busy life and still like to tend a tidy garden. His wife, who is an excellent housekeeper, can always find something to do. This winter she pieced

together three quilts. Mr. and Mrs. Bowen have lived in Wilberforce for 29 years and we are proud to have such worthy citizens as part of this community. Many members of the family gathered at a special dinner party to show their love and respect and to pay tribute to Mr. and Mrs. John Bowen on this great occasion of their wedding anniversary.

There will be a book exchange at the library this week so drop in and see what's new in novels, mysteries, science fiction, etc. On Friday night at seven, films will be shown for children.

There will be a rummage sale at St. Margaret's church on April 28. The ladies of the A.C.W. would appreciate any clean clothing that you would like to donate. Please get in touch with Eileen Agnew about this.

The new plant of the Wilberforce Veneer Co. continues to grow as the builders are hard at work once again. Great progress can be reported at the scene of the new liquor store where daily improvements are noticeable. Two smaller businesses are busy with renovations. Our tourist friends will be surprised at the change when they arrive in July.

Coboconk News

by Sheila Lake

Tom Rutter was admitted to Ross Memorial Hospital last week. Our wishes for a speedy recovery.

On Sunday, April 8, a number of relatives attended the 50th wedding anniversary for Mr. and Mrs. Jack Bradamora held at the home of their son, Richard Bradamora of Brentwood Ave., Oshawa. Mr. and Mrs. Bradamora live at Little Britain but both were raised in the Coboconk area and lived here many years ago. Mrs. Bradamora was the former Jane Pearce, daughter of the late Richard Pearce. Her sisters, Mrs. Ruth Rutter and Mrs. Cora Lake attended the celebration as well as brother-in-law and a number of nieces and nephews.

On Monday night, a bridal shower was held downstairs at Faith Tabernacle Church for Miss Laura Michel, daughter of Marg and Doug Michel who will soon become

the bride of Daryl Jenke of Norland. About 45 friends and relatives gathered to make it a joyous occasion. She was assisted in opening her gifts by Linda Jenke. Mrs. Charlene Cross was in charge of games that provided entertainment early in the evening.

On Good Friday, the annual Good Friday rally was held at Faith Tabernacle. Rev. Abbott of Napanee was the afternoon speaker. Rev. Joe Moore of Scarborough was the evening speaker. Special music was enjoyed by all and the "Pollards" from Napanee were very much appreciated.

Easter Sunday morning at Faith Tabernacle was a thrill for the Sunday School folk. Assistant pastor Raymone Cole was to lose his tie in a tie cutting ceremony when attendance reached 125. Sunday morning the attendance

reached 145 so the little folk gathered at the front and, armed with sharp scissors, Raymond Cole had his tie cut off. If you are the parents of children not attending at Sunday School, send them along on Sundays for 10 a.m. There are classes for infants through to adults.

Mrs. Maizie Kelly and William Liscombe were among those who boarded a chartered bus for the Easter weekend in Nashville, Tenn. and the sights and sounds to the Grand Ole Opry.

NOTICE

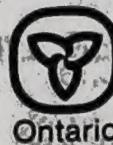

Under the Forest Fires Prevention Act, the period from April 1 to October 31 in each year shall be a fire season.

Fire permits are required in a fire district
• for all outdoor burning except cooking or obtaining warmth
• to ignite fireworks within 1000 feet of a forest or woodland

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

Eakins supports continuation of helicopter ambulance

John Eakins, M.P.P. (Victoria-Haliburton) said today that he fully supports the Ministry of Health's decision to continue the helicopter ambulance service.

Eakins said that on a number of occasions he had watched the helicopter land and take off with patients from the Ross Memorial Hospital in Lindsay.

To date the helicopter ambulance service has transported 222 critically ill people to hospitals in Toronto. Approximately 35 per cent of the 222 patients transported were premature newborn babies. And in the recent bus tragedy near Barrie, the helicopter ambulance proved a vital link between the hospital there

and the hospitals in Toronto. Eakins said that the helicopter ambulance service is also beneficial to small communities where hospitals cannot support the medical specialties or the equipment required for all critically ill patients. It allows physicians, without having to leave their communities, to transport patients in safety, with the help of critical care personnel and specialized equipment, at greater speed than by standard land ambulance.

Eakins said he had received a number of letters urging his support of this air ambulance, and that the Minister's support of this service is much appreciated.

457-1234

GREEN LAKE: West Guilford. Approx. 5 acres, 900 ft. on township road, 1,000 ft. on lake, 450 ft. on river. Good building lot or lots. Call Carl Simms 457-1234 or 754-2279.

EAGLE LAKE: Ski Area; Approx. 1 acre of well treed land with 132 ft. frontage holds this beautiful home or cottage. It is a split level with 3 bedrooms, living room, kitchen, 4 pc. bath, furnished and broadloomed throughout. Contact Carl Simms 457-1234 or 754-2279.

KASHAGAWIGAMOG LOTS: Exclusive building lots on a registered plan access to 4 lakes, 100 to 150 ft. of sandy shoreline also fronting on year round road. Contact Marshall Leighton at 457-1234 or 457-1464.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

The offer ends April 30, 1979.

Ministry rep to speak to planning council

Brenda Couch, area representative of the Ministry of Culture and Recreation will be the guest speaker at the April 26 meeting of the Haliburton County Social Planning Council.

Ms. Couch is expected to speak on the topic of recreation, including what kinds of programs can be run, and how they can be financed.

As well as the meeting, to be held in the municipal offices in Haliburton, the committee investigating the possibility of establishing a county-wide social service system will make a presentation.

The meeting begins at 10 a.m.

Election will cost 60 million

It will cost Canadians at least \$60 million to elect a new government in the federal election May 22.

Administration costs for the election are estimated at \$50 million by the chief electoral officer, Jean Marc Hamel.

This compares with \$29.1 million spent for the last general election in 1974. An additional \$10 million is expected to be spent reimbursing candidates for election expenses.

Enumeration of electors is expected to cost \$15 million.

From the Chamber

Maggie and Earl Ross have just opened Maggie's Marvelous Munchies to serve the travelling public with hamburgers, hot dogs, french fries, soft ice cream and the like.

Andrew and Joyce Broersma have just purchased the Kushog Korner Cottages and Snackbar on Hwy. 35 on Lake Kushog and will be continuing to provide the travelling public with the friendly service Ken Brown was so well-known for.

We welcome all these folks to the community and hope you will all make them feel welcome. There are at least six more new ventures that we are aware of but where announcements are not yet in order. We'll keep you posted.

Feir play

The following are the winners of the free draw for two plush Easter Bunnies held at Cauldron Pharmacy on Saturday. Sylvia Madill, Gooderham, Cheri Frankland, R.R. 1, Haliburton.

For all those who will be attending the St. George's Pot Luck Supper at the Parish Hall in Haliburton this Saturday evening April 21, at 6:00 p.m. they are in for a real treat. Not only will they have a delicious meal but they will have the opportunity of listening to some top notch entertainment. Featured for this evening will be the St. George's choir, Harold Brodhagen and his violin and Craig Thompson playing his coronet. Everyone is invited and are asked to please bring along a first and second course meal. This is one evening that you won't want to miss.

Mr. and Mrs. Mike Bain and Michelle of Toronto and Miss Jennifer Murrell of Orillia spent the Easter weekend with Mike's parents, Mr. and Mrs. Royce Bain of Haliburton.
